Description

This charming house is located in the picturesque village of Calvia in the south-west of the beautiful island. The property was recently renovated with great attention to details and high-quality materials and shines in new splendour. There are 3 flats spread over 3 floors, each with separate access:

Ground floor – open plan living room with dining room, independent kitchen with SMEG appliances, master bedroom en-suite with bathtub (bathroom has underfloor heating)- Both master bedroom and kitchen connects to the charming private patio with Jacuzzi, which is also access to the garage for 1 car, storage room, utility room and technical room. The type of flooring: Stone from Israel. The style is Victorian English.

1st floor – own private access with internal staircase, can be used as a separate independent living space. Open plan living room with high ceilings, French balconies, exposed restored wooden beams, kitchen with fridge, oven and dishwasher, two en-suite bedrooms with air conditioning and access to a terrace overlooking the patio. Spanish style.

2nd floor – connected with an internal staircase leading to the loft, which has been completely redone with new roof insulation. All open plan with bedroom, charming living area, bathroom, kitchen and a stunning bright terrace overlooking the mountains and village.

Modern and Mediterranean style elements create a pleasant holiday feeling.

The high-quality furnishings ensure a high level of living comfort..
